DAYLIGHT ATTACKS HAMMER AT ENEMY

(BULLETIN) LONDON, March 2.-(INS)-Four-motored American Fortresses and Liberators roared over Southwestern Germany today to spearhead a two-pronged daylight onslaught which followed a 600-plane night RAF raid on Stuttgart in which British losses were the lightest yet suffered in a major attack.

The huge American daylight precision bombers were protected by United States, British, Deminion and Allied fighter squadrons as they struck at unspecified targets in the Reich, a communique from European theater of operations headquarers announced.

By CHARLES A. SMITH (I. N. S. Staff Correspondent)

LONDON, March 2.—The massive Allied aerial offensive against continental Europe roared forward by NARVA AND PSKOV daylight today when great fleets of warplanes hammered at northern France in the wake of a staggering RAF night blow against Stuttgart in which losses were proportionately the lowest ever suffered.

Strong formations of British bombers blasted Stuttgart, home line, streamed deeper into of chemical, financial and manufacattack of the war on that city. Al- the enemy garrison at Narva. though it was believed the bomb between 1,680 and 2,240 tons, only Narva river below the railroad juncfour aircraft failed to return from tion, which lies six miles inside the called by a New York paper, she that raid and the remainder of the (Continued On Page Eleven)

### Quality makes the difference

Why do some diamonds have so much more brilliance and fire than others? The secret is not in the size or price, but rather in the quality of the gem itself. There are many factors that have a bearing on the quality and value of a diamond. Before you buy one we invite you to drop in for a talk with us. We'll be glad to explain the difference in diamond quality and help you in any way we can.

MYPHLIP MORRIS give you scientific proof of less irritation

MANAN

If you have not yet tried PHILIP MORRIS, consider this.

First, in laboratory research, PHILIP Morris were proved definitely and measurably less irritating.

But that's not all! In addition, the findings of a group of distinguished doctors prove that:

WHEN SMOKERS CHANGED TO PHILIP MORRIS, SUBSTANTIALLY EVERY CASE OF IRRITATION OF THE NOSE OR THROAT-DUE TO SMOKING-CLEARED UP COM-PLETELY OR DEFINITELY IMPROVED!

Full reports of these findings appeared in leading medical journals.

We do not claim and never have claimed curative effects for Philip Morris.

But-this evidence certainly does prove PHILIP MORRIS are far less irritating to the nose and throat ... therefore safer to smoke.

America's Finest Cigarette

High, light and handsome! CARAMEL LOAF CAKE

It's got the richness of a loaf cake-the fluffy texture of a layer cake. No wonder everybody loves it! Be sure you make it with reliable, cream of tartar ROYAL. For its even, "steady action" protects your baking. Helps give high, light, fine-textured cakes that keep fresh-fluffy, tender hot breads, too. When baking at home, safeguard scarce rationed ingredients. Always use ROYAL cream of tartar BAKING POWDER.

21/4 cups sifted 1/2 cup fortifled Royal Cream of 3 eggs Tartar Baking

1 1/4 cups sugar Powder 1/4 teaspoon salt

Sift together flour, baking powder and salt. Cream margarine; add sugar slowly, beating in well. Add unbeaten eggs, one at a time, beating well after each addition. Add vanilla. Add dry ingredients alternately with milk; mix well. Pour into large well-greased loaf pan and bake in moderate oven at 350° F. about 1 hour and 25 minutes. When cold, cover top and sides with your favorite Caramel Frosting. Garnish with pecan nut meats. Makes 1 large, light,

A blown out fuse is nothing mysterious. Fuses are safety valves of your electrical system. When a cord becomes worn or an appliance develops a defect, the fuse "blows" to prevent more serious trouble. Too many lamps or appliances on one circuit

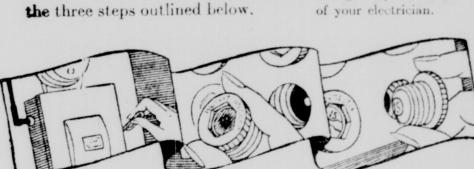

may also cause a blown fuse.

Replacing a fuse plug (the common type) is as easy as screwing in a light bulb. Make the replacement yourself-save yourself inconvenience and save the gasoline and tires d your electric service company. The first thing to do is to disconnect the lamp or appliance that caused the fuse to blow. Then, flashlight in hand and with a new fuse of the right size, go down to the fuse box and carefully follow

Have the Right Size Fuse Plux

The proper size for most house circuits is 15 amperes, marked on the base of the plug. Don't use fuses of higher rating except on advice of your electrician.

the main cut-off switch near your meter box, and standface, turn off the

STEP ONE-Locate STEP TWO -- Unscrew the "blown out" fuse, touching only its top. You can tell it by the burned patch in the window on top of the fuse.

STEP THREE Replace burned fuse with new fuse of proper size. Then turn on main electric

### How to conserve eyesight and light!

Evesight and light are both vital to the winning of the war. Conserve both by following these six easy suggestions:

Clean lamp bulbs and reflectors regularly with a damp cloth. Dry thoroughly before using. Use shades with white linings to reflect light instead of

absorbing it. Keep all lights properly shaded to avoid glare.

4. Arrange furniture so one lamp serves two or more people if necessary. Always turn off lights in

unoccupied rooms. Have eves examined regularly by a competent eyesight

### Many Animals, Birds, Are Killed On State Highways

Report 12,000 Killed On Roads In Six Counties Of Western Penna. District

HARRISBURG, March 2.-A re Engineer S. W. Jackson, of Franklin showed that more than 10,000 224 Shadyside; Deanne J. Durbin, dead birds and animals last year were removed from the highways Flossie Blakely and infant son by department employees in that 1003 North Cedar street; Mrs. Mary

In addition, almost two thousands | Home street. domestic animals and fowl were killed by the motoring public in the J.MESON MEMORIAL HOSPITAL district known as 1-0 and comprising Crawford, Erie, Forest, Mercer, Lamoree, Hazelcroft avenue, tonsil report of this nature and a copy O.; Mrs. Gladys Smith, Petersburg.

years, rabbits lead the list of dead D. 7 animals removed in the district with | Discharged: Alan McGaffic, Becka total of 7155, skunks were sec- ford street Linda Lee Kreitzer.

on the list, a total of 977 being Rock; Mrs. Johanna Gilchrist, Norkilled, then came woodchucks, 385; | wood avenue; Mrs. Gabrielle Shoaff squirrels, 175; ringneck pheasants, Norwood avenue; Mrs. Nellie Johnraccoon, 43; weasels, 33; grouse, burgh; Carl Klingensmith, Cun-25; deer, 21; woodcocks, 13; foxes, ningham avenue; St. Clair Teece 8; quail 6; mink, 2; and bears, 2.

the total amounted to 150. and animals killed on the highways | Mabel Hutchison, R. D. 5. during the year with a total of 844 Next were dogs, 510; chickens, 382

ducks 9; sows, 2. Mute evidence of the effects of restrictions placed upon motorists by gas rationing is confirmed when the total of dead animals and birds is compared with totals of other years in the same district. In 1941, 11,977 wild animals and birds were removed from the highways, and 2.111 domestic animals and fowl.

In 1942, the report showed 12,905 wild animals and birds and 1,982 domestic fowl and animals removed. "This report is interesting to the motoring public and also to Pennsylvania as a whole, especially in these for our already harassed and busy tion by the city council. force and creates a certain eco-

nomic loss from wanton slaughter of animals and fowls on our highways. Again, where such animals and fowls are not removed prompt ly, they are particularly objectionable to the traveling public and may be the cause of accidents due to vehicles diverting from their regular course in swerving to avoid running over dead bodies."

WOMAN DRIVER RUINS BRAND NEW PAVEMENT

SEATTLE, March 2.-(INS)-An hour after Seattle contractors had laid the paving on a business district block they angrily discovered that they had the whole job to do

A woman, who was too busy thinking about the next intersection to hear the shouts of warning, drove through 40 feet of the wet concrete and had to be pulled out by city engineers. A few minutes later another woman jay-walking across the middle of the block, and sank to her ankles in the soft con-

# Wartime Report of the Pennsylvania Railroad

SUMMARY OF 97th ANNUAL REPORT which was mailed to stockholders at the end of February. Operating revenues increased \$141,298,532 over 1942. Operating expenses increased \$109,369,984. Taxes increased \$55,826,689, or 44.8% over the previous year. Net income was \$85,418,484, a decrease of \$16,050,309.

THE YEAR 1945

The war continued to dominate the ever increasing transportation effort. While performance was highly satisfactory from the standpoint of meeting every demand of the war emergency, it could not of necessity be wholly adequate from the standpoint of the character of the service performed, particularly the passenger service. Nevertheless, considering the abnormal conditions that prevailed throughout the year, the results as a whole can be viewed as a creditable achievement. There was a heavy increase in the volume of business handled, the railroad being operated to a greater capacity than

Norwithstanding decreases in rates, operating revenues increased \$141,298,532 due to the greater volume of traffic, both passenger and freight, but this very fact, together with higher costs of material and fuel and increases in wages, resulted in an increase in operating expenses of \$109,369,984. At the same time, taxes increased by \$55,826,689, or 44.8%, over the previous vest

Despite the fact that the Company in 1945 did the largest business in its history, its Nec Income was less than in 1942 by some \$16,050,309 because of the substantial increases in operating costs and taxes men-1942. namely, 5%, or \$2.50 per share. Dividends at this rate were accordingly paid

THE NATIONAL EMERGENCY

In 1945, the railroads performed a service unequalled in the history of transportation. They were called upon to handle a volume of freight and passenger traffic exceeding that of the record year 1942.

The ability of the railroads to handle this record volume of traffic was due to further improvements in facilities and operating methods, to splendid cooperation between the railroads, the shippers and employes, the Army and Navy, and other agencies of Government, and to the continued helpful artitude of the Office of Defense Transportation.

The milroads look to the future with the conviction that they will keep in the forefront of industrial progress, and will meet successfully the competition to be expected. They are convinced that no other form of transportation can supplant the railroads unless unintelligent regulation, excessive subsidization of competitors or inequitable taxes shall so overburden them as to deprive them of equality of opportunity, an essential in any sound economic order.

The railroads, always a heavily taxed industry, are accustomed to bearing their full share of the cost of government, and well realize that any excessive profits derived from the war effort should be subject to taxation as are the excess profits of any other industry, but the determination of what profits are excessive should not ignore the plain facts respecting the railroad industry. ies position and needs.

During the last several decades, the processes of regulation have made it necessary

be done with borrowed money for which they are nor given adequate credit in calculating return on investment. Again, the railroads have not been, like other industries, in a position to carry adequate charges for depreciation and obsolescence-amortization, and income which should properly be charged off for these purposes is subject to the excess profits tax. Thus, the railroads find a large part of what is, in fact, no more than a reasonable return on their investment treated

as excess profits and subjected to an

enormous excess profits tax, where in fact

no excess profits exist.

for most of the financing by the milroads so

The effect on the railroads of the so-called excess profits tax is not only to deprive them of a reasonable return on their investment, but to prevent them from laying aside out of current earnings the reserves needed for future expenditures which are being made inevitable by wartime conditions and the pressure of wartime traffic

Sound public policy not only justines but should require the accumulation by the milroads of large post-war reserves to meet post-war changes in transportation practices and methods, but the tax policy of the Government is heading them along the same unfortunate path as at the close of the last war, when the railroads had to borrow large sums of money and go into debt to revamp their properties.

Today, while the railroads are doing the largest business in their history, it would be advantageous not only to them, but also to the public at large and to railroad emploves as a whole, if the tax laws were amended so as to permit the creation now of the reserves needed for post-war rehabilitation, with resulting greater employment in the post-war period.

FUNDED DEBT

The Pennsylvania Railroad System has retired or purchased during the year debt in the hands of the public amounting to \$45,354,220, which, after allowing for the issuance of \$12,240,000 Equipment Trust Obligations, makes a net reduction in debt of System Companies in the hands of the public of \$53,114,220.

Dunng the last five years, there has been & per reduction of \$124,000,000 in the debt of the System in the hands of the public.

STOCKHOLDERS

The Capital Stock of the Company at the dose at the year was owned by 209.618 stockholders, an increase of 3.053 compared with December 31, 1942, with an average bolding of 62.8 shares.

The management is always appreciative of the cooperation extended by security holders, the public and employes It recognizes its responsibility to keep the stockholders, the employes and the public geaerally, informed as to the Company's business, service, finances and other important matters, which is done through advertising in newspapers and magazines, in announcements to the press and in the dissemination of information in other forms, as well as in the annual report.

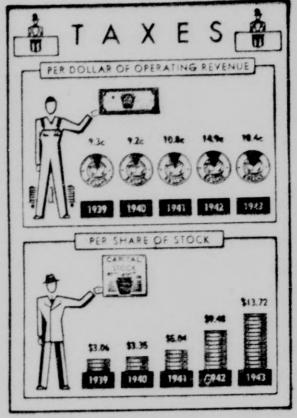

THE EMPLOYES

The Board takes pleasure in acknowledging the continued efficiency and loyalty of the employes, which made possible the handling of a volume of traffic exceeding that of any year in the history of the Company.

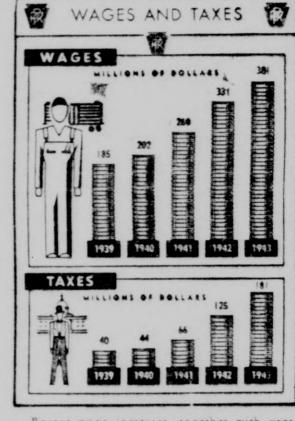

44.488 employes of the System have entered the Armed Forces, serving in every part of the world, of whom 123 have made the supreme sacrince.

Many thousands of new employes have had to be trained to take their places, including 21,730 women who are now in the railroad service. Never were the demands upon the employes so great; never have they met the burden more efficiently and more courageously.

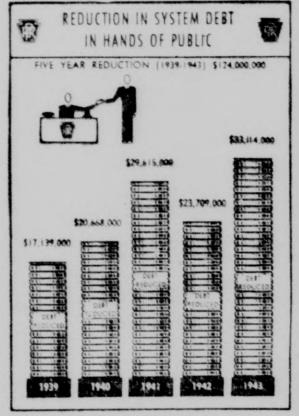

M. W. CLEMENT, President

Taken as a whole-taxes-the Company's chief burden, amounted to 18.4 cents out of each share, an increase of \$4.24 per share over 1942. Net Income of the Company was less than in 1942, notwithstanding the large increases in evenues from operations.

Recent wage increases, together with vacations with pay, based on present force, are estimated to increase the expenses of the Company by approximately \$45,000,000 annually.

During the last hve years, there has been a net reduction of \$124,000,000 in the debt of the System in the hands of the public.

### Military Mixup In Argentina Is 'Only Starting'

SANTIAGO, March 2.-(INS) The "military mixup" in Argentia is only starting, Alberto Elena, private secretary to former President Pedro Ramirez, said today in his arrival in Chile

Elena told the newspaper La Ultima Hora that the Farrell-Peron government gave him just 24 hours to leave Argentina; Gen. Ramirez, he added, is Acting President Farrell's "prisoner."

Farrell's coup, he said, anticipated move by Ramirez to "disembark." Farrell and Col. Juan Peron, the minister of war, form a "power team," Elena said. He described Gen. Ramirez as an "anti-Nazi" as he prophesied still more trouble in Argentina in the wake of yester-day's revolt against Farrell.

### SPEND SIX BILLION FOR LIQUOR IN 1943

WASHINGTON, March 2 .- (INS) -Americans spent six billion dollars for beer, wine and whisky last year, the commerce department reported today.

This was 17 per cent more than in 1942 and represented about seven represented \$46 per capita compared

with \$39 in 1942 and \$26 in 1939. "Excitement and tension due to the war may have had some influence, but the principal factors were rise in employment and income," the department said.

# **Sports** Ramblings

Mixed Sports Twigs:----

Before tossing the myriad Section 21 facts and figures into the paper basket, it seems appropriate to focus the spotlight on the league's top sharpshooters as a farewell wave to the local scholastic season. Wampum's classy forward. Guy Bennett, who committed his fourth personal with 11 minutes of action remaining in the Evans City tourney setto and one of the chief reasons why the Indians were belted, flipped 168 points in the dozen clashes to head the parade. Besides, he nabbed the one-game high honors with

James Richard Grennen, the sparkling Wampum guard, wasn't too far behind with 159. Benny Korab, Union's keen-sighted forward and a lad to watch come next dribbling semester, grabbed third place with 144. Bessemer's John Kresevich dunked 123 to take the fourth post, followed by Johnson a team mate, who popped in 97. Mt. Jackson's consistent scorers, Fox and Spears, finished after Johnson with 95 and 93, respectively . . . .

The Koszela twins, Ray and Al, who will be gunning for varsity berths at Ne-Ca-Hi next season, arched 607 points while performing for Ben Franklin. Al completed his junior high career a year ago and started in several games for the Canes this season while Ray hung up his BF suit recently with a record breaking 351 points. "Al" pitched 256. The Terrace district youths, whose brother "Cash" ranks as the greatest 'Cane basketeer in many books, may help to elevate Ne-Ca-Hi to cage prominence again . . . .

Joe Baksi's win over Tami Mauriello brought to light the fact that there's a town somewhere in Pennsylvania by the name of Kulpmont, something a lot of us didn't know . Oklahoma A. & M., winner over Westminster, 41-39, in overtime and one of the Madison Square Garden Invitational tourney foes, whipped Arkansas and Oklahoma by scores of 17-15 and 14-11 in two of the lowest scoring collegiate games of the season . With basketball ranking as the most popular sport in most of the camps throughout the nation, the cage game probably will enjoy even more success than at present after the war . . .

Figures show that about 100,000,000 persons witness basketball filts yearly . . . Joe Louis' swing through the various camps over here drew varied comment. Camp Cooke, California, gave the show the hottest burn, tabbing it "totalling disappointing" "G. 1." Joe probably prefers watching the Bomber shooting the dynamite instead of duds . . . The Phils and A's, are going to increase the price of tickets. The nerve of some people . . . .

Kentucky Derby Scrambled Affair

Results Of Winter Races Add Further Confusion As Favorites Lose

By LAWTON CARVER

for instance.

There was the colt, Pensive, that

Who whipped him in this cheap overnight dash? Valdina Malden, a repeated loser. The Historian, heretofore a \$2,000 plater moved up into this \$2,500 allowance. Neither of these two which finished ahead Ben Jones' erstwhile hopeful TITAN ATHLETE from Calumet is even entered in

His defeat was just about on a par with the loss of Director J. E. in the Flamingo Stakes last Saturday as part of the broad picture of a Kentucky Derby without a standout. It's something like the lightweight situation in the prizefight business. No sooner does a future prospect stick his head up than comebody knocks him down

tilt, Scott Township, better known as Clark high, routed East Wash-

# Arlington - Washington

NEW YORK, March 2. - The Kentucky Derby, to be run at Churchill Downs on May 6, will be the most unpredictable scramble in he last decade. Every three-yearold event held in the meantime adds to the confusion. Two or three of the standouts are not suited to the route. Those that appear capable of packing 126 pounds the mile and a quarter are getting their ears pinned back in current events regarded as preparatory starts. Take that Pensive.

would make the customers forget Count Fleet and Whirlaway, the standouts in recent campaigns. With the price odds on, he got knocked off by Occupy, among others, in New York last fall and yesterday, backed down to 30 cents on the dollar at Hialeah, he ran third as he came back to the races after being retired since last November
